

Helping Parents Help Their Children

The Transformative Process of Collaborating with Families: *Engagement, Involvement & Partnership*

NJPC is offering a one-day training for professionals and providers in the child-serving arena on Family Engagement, Involvement & Partnership. The workshop will explore strategies and barriers, history and principles of family involvement, and specific strategies for high-risk families. The curriculum includes Building Consensus & Collaboration with Parents and Family Members, Critical Elements of Family Engagement, Involvement & Partnership, Strengthening Community through Family Collaboration, Family-Specific Strategies, and Ensuring Recruitment & Retention. Professionals attending the training are given the opportunity to strengthen their knowledge of family engagement and will receive practical tools and strategies which they can implement in their local organizations, resulting in improved outcomes for children and families. Lunch will be served. Early registration is recommended as class size will be limited.
