Dedication

With sincere and deep appreciation to Carole Kaczorowski, without whose vision, intelligence, persistence and compassion, this organization would not exist. Carole founded The New Jersey Parents' Caucus in 1990. Over the next ten years, families and advocates collaborated to reform fragmented and ineffective efforts into a seamless service delivery system for children with emotional and behavioral challenges. On January 24th, 2000, Governor Whitman announced the new Children's System of Care Initiative which was recently renamed the Division of Child Behavioral Health. This initiative is designed to partner with parents at all levels, so families can obtain the help they need to assist their children in becoming active and productive members of society.
